

# DAILY NEVADA STATE JOURNAL.

VOL. 22. RENO, WASHOE COUNTY, NEVADA, WEDNESDAY MORNING, OCTOBER 1, 1884. NO. 1.

## I DOUBT IT.

When a pair of red lips are upturned to your  
With no one to gossip about it,  
Do you pray for endurance to let them alone?  
Well, maybe you do—but I doubt it.

When a sly little hand you're permitted to seize,  
With a velvety softness about it,  
Do you think you can keep it with never a  
squeeze?  
Well, maybe you can—but I doubt it.

When a tapering waist is in reach of your arm,  
With a wonderful plumpness about it,  
Do you argue the point 'twixt the good and the  
harm?  
Well, maybe you do—but I doubt it.

And if by these tricks you should capture a  
heart,  
With a womanly sweetness about it,  
Do you guard it, and keep it and act the good  
boy to you will—but I doubt it.

## CHUNKS OF INFORMATION.

It is 3,155 miles from Washington to San Francisco.

Gas was first introduced into the White House in 1848.

The dome of the United States Capitol is 307½ feet high.

There are 101 different counterfeits of national bank notes.

The new State Department has 150 rooms, and cost \$5,000,000.

Back of the army is a possible American militia force of five million men.

The "landscape architect," or Capitol grounds gardener, gets \$5,000 per year.

The weight of the iron alone in the dome of the Capitol is 8,000,200 pounds.

There are over 1,800 men and women employed in the Government Printing Office.

The first session of Congress that assembled in Washington met in November, 1800.

The Soldiers' Home grounds near Washington embrace eight hundred acres of land.

Since 1861 the American people have built 10,000 miles of railroad, the best railroads on the whole in the world.

For seven years past breadstuffs alone have brought more money from abroad than cotton.

It is said the distillers pay \$5,000,000 into the Treasury annually, and the dealers as much more.

The Scott statue in Washington, which is made of bronze, weighs 1,200 pounds, and cost \$20,000.

The District of Columbia comprises sixty-four square miles, and lies entirely within the State of Maryland.

Brewers, wholesale and retail liquor dealers, and tobacco dealers, pay their taxes to the general government.

Pennsylvania avenue, from the Treasury building to the Capitol, is 160 feet wide and almost as smooth as an ice pond.

There is more money in the sub-treasury at San Francisco than there is in the United States Treasury at Washington.

The bronze doors of the east front entrance to the rotunda of the Capitol weighs 20,000 pounds and cost \$25,000.

The muster roll of the United States army and navy, show that in the war between the States there were enlisted 2,064,000 men.

George Washington's plantation on the Potomac river, south of Washington city, originally contained eight thousand acres.

It is said that the Capitol of the United States is unquestionably the finest and largest building of the kind on the face of the earth.

The total volume of money in this country may be set down at \$700,000,000 in paper, \$500,000,000 in gold, and \$250,000,000 in silver.

The appropriation made by Congress from 1860 to date for the erection and remodeling of the Capitol amount to over \$15,000,000.

The 604,000 dead soldiers left 307,000 widows who have applied for pensions, as shown by the report of the Commissioner of Pensions.

The statue of General McPherson, located in McPherson Square in Washington City, cost \$23,500 and weighs seven thousand pounds.

When the war closed nearly three million men, who were serving in the armies on both sides, were discharged and returned to civil life.

In 1830 there were only 161 Ministers, Consuls, agents, etc., in the diplomatic service of the United States; now there are over 900 persons employed in said service.

## NO CONVENTION.

The Austin Democratic State Convention declared in favor of a Constitutional Convention. The Carson Republican State Convention declared in favor of revising the Constitution in the manner provided of amendments through the Legislature and ratification by the people. Now the Democrats of the Storey Convention declare "that such action should be taken by the Legislature as will lead to such amendments to the Constitution as will reduce the number of State and county officers." This, in effect, is a repudiation of the Austin resolution, and indicates that the Democrats of Storey are opposed to a Convention. If this is the case the vote against the Convention will be largely in the majority. The more the people understand the proposition the plainer will it appear that a Convention is not a necessity, and that all reforms necessary can more safely be accomplished through the proper channel—when every amendment can be voted upon separately, and the voters can readily comprehend whether they want to make the change.

The investigation of insane asylum methods in Pennsylvania has recently led to substantial reforms. If the reports published in the Reno papers be accurate, the Nevada State Asylum needs overhauling. It seems that the custom there has been to give a weekly dance on Saturday night, ostensibly for the amusement of the patients, but to which the outside public has been freely admitted. Now, however, it has been decided to exclude all who do not have invitations. It is not stated what led to this reform, but it was probably something which betrayed very plainly the vice of allowing strangers to mingle freely with those of unsound mind. The practice is never tolerated at the East, and in no community can it be indulged in without serious danger. We are glad to learn that the practice has been modified at Reno, but we think the restriction should go further and rule out all but employees of the institution.

The above is taken from the San Francisco Chronicle. While the practice may be reprehensible the bounds of propriety have never been trespassed upon at the Reno Asylum, and the custom has been of mental benefit to the patients. Supt. Bishop, however, for the convenience of the patients, has determined that only a reasonable number of outsiders shall be permitted to attend.

Tammany Hall made the following nominations Monday: For Mayor, Alderman Hugh J. Grant; Controller, ex-Congressman P. Henry Dagro; District Attorney, ex-Senator George H. Foster; President Board of Aldermen, General John Cochran; Coroner, Dr. M. J. B. Mesmer; Judges Court of Common Pleas, Richard L. Larimore, Joseph F. Daly and Hugh L. Cole. All the candidates, especially Alderman Grant, were heartily cheered. John Kelly, in his speech opening the convention, said: "We believed the nomination at Chicago was an unwise one, but Grover Cleveland is the nominee of the Democratic party, and we will not separate from the party we have all known and loved so long. We shall give Cleveland and Hendricks a full, fair and honorable support."

## Candidate Herva Lockwood Writes a Letter to Candidate Cleveland.

Belva Lockwood, candidate of the Equal Rights party for President, has written a letter to Cleveland, submitting a plan whereby she says American politics may be elevated from its present low level. The plan she proposes is that the various Presidential candidates agree to meet together at some central point in the early part of next month, and each candidate sign an agreement to discountenance, and use his influence to prevent, the publication of scandalous articles against any of the other candidates. A determined stand by the candidates themselves, she says, against this despicable method of political warfare, which "degrades not only the candidates themselves, but the high office to which they are aspirants," would soon put an end to it. She thinks a great deal of good would come out of a conference of various candidates, and urges Cleveland to agree to her plan.

Cleveland is glibly mentioned as a great "reformer." No record of any considerable reformation effected by him exists. Most of the bills for the improvement of the condition of the workmen and the amelioration of the poor man have been vetoed by this undeviating champion of monopolies.

There seems to be a disposition to throw cold water upon the candidacy of Mr. St. John.

The Irish are forming clubs for Cleveland—shillalahs.

## LYON REPUBLICAN PLATFORM.

The Republicans of Lyon county, in Convention assembled, do hereby reaffirm our devotion to the Republican party; and believing the interests of the country can best be served by the continuance of Republican administration, it is hereby

Resolved, That we endorse the principles enunciated by the National Republican Convention which recently assembled in Chicago, and fully and cheerfully concur with said Convention in nominating as our standard bearer for the President of these United States the Hon. James G. Blaine.

Resolved, That we also endorse the resolutions and nominations of the Republican State Convention which recently met in Carson.

Resolved, That we are in favor of a protective tariff, believing it conducive to the welfare, encouragement and prosperity of the farmer, manufacturer, miner, stockman and artisan; and last, but not least, that the hardy sons of toil will thereby receive better wages for their daily labor.

Resolved, That we cordially endorse the record made by the Hon. J. P. Jones in the Senate of the United States, and feel a just pride in the manly and honorable course he has taken in all matters affecting the interests of the State of Nevada, particularly his record on the silver question, firmly believing that by the formulation of his ideas thereon into statutory laws, millions of dollars would be saved annually to the laboring classes; and our mining interests more secure and prosperous.

Resolved, That we are in favor of properly guarding every avenue to the State Treasury, and the curtailment of every expense consistent with the public interests.

Resolved, That we favor such a re-modeling of the State Constitution—by Legislative enactments—as will best accomplish the purpose of limiting the sessions of the Legislature to not exceed forty days, and making such changes in the State Officer's salaries and miscellaneous expenses as may be compatible with the public welfare.

Resolved, That we are opposed to any change in the present geographical boundaries of Lyon county, believing that we have within our present boundaries territory of sufficient capacity and character—containing within its limits all the elements—which, when developed will place us among the most prosperous counties in the State.

Resolved, That we request all our county officials to exercise care, discretion, economy and sound practical judgment in the discharge of their various duties, to the end that county expenses may be curtailed, taxes reduced, and that capital may be induced to seek investment here.

## County Consolidation.

The Enterprise of September 30th says:

Sooner or later there must be a consolidation of county governments in this State. We are not prepared to express an opinion as to which counties should imitate themselves on the altar of self-sacrifice. We believe that it is the honest sentiment of the citizens of Virginia City that their future prosperity is not based on its Court House but on its mines. The people here realize that it would be better to organize one good county, with work enough for every county official at a good compensation, than half a dozen counties with officials living on starvation fees. The work of county consolidation must begin somewhere. It is not to be expected that Churchill county, with her 162 voters and taxable property amounting to over a quarter of a million dollars, is going to surrender its autonomy. Some other county must set the example, in order that the general welfare may be promoted. The leading county in the State, both in wealth and population, can best afford to take the initial step. It is for the people of Washoe, Ormsby, Lyon and Douglas counties to say whether or not they are willing to abandon their present county governments and join us of Storey in organizing a county government which shall be in population and resources a political sub-division worthy the name of a county.

## Some Tall Figuring.

The World publishes a table giving the vote of New York State by counties, which figures up a majority of 25,000 for Cleveland. Kings county is estimated at 17,000; New York, 40,000; Erie, 1,000, for Cleveland to make the result. The same paper's Toledo special gives Ohio to the Democrats by 10,000 in October. Michigan, Wisconsin and Illinois are classed as doubtful.

The taxable property in the United States is something more than \$17,000,000,000, not including the property free from taxation by this Government and many of the States.

Of the domes to large buildings in the world, the dome of the United States Capitol ranks fifth in height and fourth in diameter.

## A GOOD RESOLUTION.

Lyon County Times.

The Committee on Resolutions in the County Convention adopted a wise course last Saturday by inserting a plank in the platform to the effect that it favored a re-modeling of the State Constitution by Legislative enactment. The idea entertained by a few that a Constitutional Convention is needed to make what changes are necessary, is a wrong one. There are numerous reasons why a Constitutional Convention would not be of any benefit to the people of Nevada and also many reasons why it would be a detriment. The impression that it would be a stroke of economy is erroneous, as it would in all probability cost the State from \$60,000 to \$100,000. Another point to be looked at is the fact that it will be impossible for any body of men to frame a Constitution that will exactly meet the approbation of the several classes in the several different localities of the State; and unless it can be satisfied, the probability is, that the undertaking would end in defeat, as some element would be so opposed to measures of another class which differed widely from it, that the effect would be the overthrowing of the whole. By Legislative amendment a single amendment can be voted on and thereby a saving of time and money had.

## FACTS OF INTEREST.

The water used in the White House for drinking purposes is conveyed to the mansion by pipes from a spring in Franklin Park, several squares distant.

It can be safely estimated that at least 80 per cent. of the men discharged from the army in 1865, at the average age of 32 years, are now married.

There are fifty-one and a half acres of ground around the Capitol, which are known as the "Capitol grounds," and cost the Government \$684,199.

The new reservoir which the Government is now constructing for the water supply of Washington will have a capacity for 100,000,000 gallons of water.

The six large paintings on the walls of the rotunda of the Capitol cost \$74,000. Three of them cost \$10,000 each, one \$12,000, and the other four \$8,000 each.

The site of the new city of Washington and the location of public reservations, squares, Capitol and the Executive mansion, were selected by President Washington.

He will now run a drift in on this streak and see what it amounts to. He is very confident he has found a second Comstock, and his friends all hope his anticipations may be fully realized.

White Pine Republican Nominations

At the County Convention of the Republicans of White Pine, held at Cherry Creek on Sept 24th, the following ticket was nominated: State Senator, Thomas Robinson, Assemblymen, A. T. Stearns and Samuel Liddle, Sheriff, W. R. Bassett, County Recorder, A. D. Compton, District Attorney, A. B. Treese, Superintendent of Public Schools, A. S. Herrick, Public Administrator, Oliver Drake, Commissioner for the long term, A. Muir, short term, J. R. Kendall and W. C. Gallagher.

Senator Williams

Of Evan Williams, whom the Republicans of Ormsby have selected for the State Senate, the Carson Index says: Mr Williams is the well known Superintendent of the Mexican Mill. He is a man of great energy in business and is considered one of the substantial men of this community. He is a sound Republican and a devoted adherent of Senator John P. Jones. Mr Williams will doubtless cast his vote for Mr Jones if he is elected, and, we doubt not, would also exercise his influence and vote for the present excellent management of the State Prison.

Will Inspect the Boys

Adjutant General Laughton will be in Reno next Friday evening to make an official inspection of the Reno Guard. The law requires the Adjutant-General to inspect each organized company in the State once each year and the General will take advantage of the dedication ball to be here with other high officers in the militia ranks to perform that duty. Major-General Foreman and staff, Gen Mathewson, Col Lord and others will be here from Virginia.

Nevada Wins.

The Nevada team won the inter-State match yesterday at Carson, defeating the California team by 33 points. This gives Nevada the trophy, so hurrah for our brave shooters. The score stood 872 to 839. **THE PLATFORM**  
**OF THE REPUBLICAN PARTY**  
OF THE STATE OF NEVADA,  
Adopted at the State Convention  
Held at Virginia City on  
April 30, 1884.

The Republican party of Nevada in convention assembled reaffirm their devotion to the principles of the great National Republican party, and reiterate its faith in its ability to carry on the General Government in the same spirit of justice, intelligence and progress, respect for human rights and regard for the interests and dignity of labor, which have characterized its history for more than a quarter of a century.

Resolved, That the wise, considerate and judicious administration of President Arthur commands itself to the entire confidence and respect of the American people.

Resolved, That the Republican party has at all times been, and still is, the friend and protector of labor, and as such considers the advent of the Chinese race into this country dangerous and inimical to the deserved success and prosperity of American laborers, and still pledges itself to advocate and favor such a line of policy as will protect and foster the interests of labor, and while the recent law of Congress restricting the immigration of the Chinese has approved itself to the people, we demand that it be supplemented by such further legislation as may not only be necessary to obtain the object in view, but also prohibit the wholesale importation of persons on contract of labor from any country.

Resolved, That in view of the increased prosperity of the people at large in a great degree consequent upon the wise and settled policy of the Government, we deem it impolitic at present to attempt any change in the revenue and tariff laws now in force.

Resolved, That the reduction in duties on imported wools, made by the Act of Congress in March, 1884, resulted in ruining the business of wool growing in the United States and in transferring the same to foreign nations, and we demand the restoration of the wool tariff of 1867 at the earliest possible moment.

Resolved, That gold and silver have co-existed and formed the monetary circulation of the world since the origin of human society, that the agitation against silver threatening to destroy its value and use as money is a blunder and a crime, which can only result in a destruction of values without any compensation, doubling the purchasing power of gold for the exclusive benefit of the interest-bearing capital of the country at the expense of bread winners, diminishing their wages and injuring the producing and tax-paying classes. We declare that silver being a product of our labor and capital as well as gold, its demonetization is unnecessary, unwise, unjust, and pernicious, and that the present law ordaining the coinage of silver as a full legal tender should be left undisturbed.

Resolved, That we demand of Congress the exercise of all its constitutional power for the speedy suppression of polygamy in the Territory of Utah.

Resolved, That we demand that every citizen shall be protected in his constitutional right to cast a free ballot and have it honestly counted.

Resolved, That we approve of all legislation which tends to promote industry and efficiency in the civil service of the country.

Resolved, That we renew our demand for the establishment by the General Government of a postal telegraph service.

Resolved, That the great act by the Republican party of the emancipation of the people of African descent, a people held for a century in the bondage of slavery and ignorance, has imposed a solemn obligation upon the National Government to continue in its endeavor to free the freedmen and their children so that they shall become fit to discharge the duties of American citizenship.

Resolved, That monopolies oppressing the people, or unfairly discriminating against them, are wrong in principle and should not be tolerated. To that end we regard with favor the proposed enactment of a law by Congress establishing a National Railroad Commission to investigate the oppressions of railroad corporations, or other legislative action having for its object the relief of the people.

Resolved, That the public domain is the heritage of the American people, and we are in favor of the enactment of such laws as will forbid the alienation of the soil by foreign corporations and foreign landholders.

Resolved, That in the opinion of this Convention the success of the Republican party would be assured by the nomination of **James G. Blaine** for President, yet, without instructing the delegates this day appointed, but trusting full confidence in their integrity and wisdom, we place on record our firm conviction that they will meet the unanimous sentiment of the Republican party of this State if they support the candidature of Mr. Blaine in the National Republican Convention, and we hereby pledge the Republican party of Nevada to support the nominees of that Convention.

**MIDDLE-AGED MEN.**  
There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, the color will be a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. **Dr. S.** will guarantee a perfect cure in all such cases, and a healthy restoration to the genito-urinary organs.

**REPUBLICAN PLATFORM!**  
Adopted at the State Convention  
Held in Carson, September  
4th, 1884.

The Republican party of Nevada in convention assembled deems it unnecessary at this time to supplement its platform of principles, adopted at the convention held at Virginia City, April 30, by adding anything further upon questions of national concern. It renews its adherence to the principles embodied in that platform, and to-day, fully confident of the success of the Republican party of the Nation in the coming Presidential election, congratulates the Republican voters of the State upon the selection by the Chicago Convention of their choice for standard bearer, that dauntless and resolute patriot and statesman, **James G. Blaine**, with General **John A. Logan** as his associate on the ticket. It adopts as an intelligible creed of political principles the platform of the last Republican National Convention, the triumph of which principles it believes will insure a renewed era of national progress and prosperity. In the political campaign which has to be fought out in the State of Nevada the Republican party believes it can render no higher service to the people than by calling their attention to the imperative necessity which is upon them to demand and secure retrenchment in every department of the State Government. It therefore declares:

First—That the Republican party of Nevada, when it says reform, means it; and that, disgusted with the vague and idle professions by which, year after year, the intelligence of voters has been insulted, their credulity overtaxed, and their long-suffering patience abused, it declares that it is in favor of, and will seek to carry into effect by legislative enactment the following specific measures of reform and any others that may be developed as salutary:

The reduction of the number of members of the Legislature, and the number of officers and employees of both houses thereof.

Second—That it is a well known and universally conceded fact that the existing high rates of State and county taxation now levied and collected are burdensome and oppressive on the people of the State, and thereby tend to discourage immigration and the introduction and investment of capital; therefore, be it

Resolved, That it is the imperative duty of our next Legislature to devote its early and constant attention to reform legislation that such laws may be passed as will bring about a marked reduction in the present expense of running our State and county governments, and by a reduction of the number of existing judicial districts, consolidation of county governments, State and county offices and reduction of salaries of not less than thirty per cent.

Third—That we are in favor of amending the State Constitution, and pledge the Republican party to that method of constitutional reform, so as to limit the regular sessions of the Legislature to forty instead of sixty days, as at present.

Fourth—That in view of the fact that necessary constitutional reform can be accomplished by amendments to the State Constitution as speedily and effectively as by a revision of that instrument by a Constitutional Convention—a doubtful experiment under the most favorable circumstances—we hereby recommend the voters of the State to vote at the next general election against calling a Constitutional Convention.

Resolved, That in the mining, manufacturing, agricultural and grazing interests of this State the elements of life and prosperity. We therefore pledge the Republican party of this State to legislation tending to the fostering and advancement of these interests.

Resolved, That we with pride point to the administration of President Arthur as a model for the future conduct of this Republic, and we congratulate the Nation upon the eminently successful services rendered by him as President of these United States.

Resolved, That as citizens of the State of Nevada were proud of the record made by Senator **J. P. Jones** in the halls of the National Legislature, and as Republicans we congratulate ourselves and our party in having a man at the head of the party in this State whose private life is irreproachable, whose public life is stainless, whose ability is universally recognized, and whose position among the leaders of the Republican party in the Nation and in the Senate of the United States is such as to give any resident of Nevada just cause for pride.

The Republicans of Washoe county, in Convention assembled, do hereby reaffirm our devotion to the Republican party; and believing the best interests of the country can best be served by the continuance of Republican administration, we do hereby

Resolve, That this Convention adopt and endorse as its declaration of principles for the present campaign, the platform adopted by the National Republican Convention at Chicago, in June, and the Republican State Convention at Virginia City, April 30, 1884; and be it

Resolved, That our representatives in Congress should use all honorable endeavors to secure an appropriation for the purpose of sinking artesian wells, thereby increasing our acreage of farming and grazing lands throughout the State; and be it

Resolved, That this Convention favors and recommends just and generous legislation for the purpose, and to the end, that the great mining industries of the State of Nevada may be strengthened, and the mineral wealth of the Silver State be fully and profitably developed.
